DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The prior art of record, taken alone or in combination, does not teaches the construction of a control device for a hybrid vehicle as described on independent claim 1, comprising an engine and a motor, the control device comprising:

a control section which is adapted to execute a warming control operation for the battery device; and

a determination section for determining whether the partial cylinder deactivation operation is permitted for the engine depending on the running state of the engine;

wherein the control section is further adapted to execute a vibration control operation for the engine by operating the motor so as to reduce vibration of the engine.

Dependent claims 2-7 are considered allowable by their dependence on allowed independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
